

## **Datatech Selected as Distributor for Minuteman Products**

Datatech is very pleased to have been selected as a stocking distributor for the Uninterruptible Power Supply (UPS) products by Minuteman Power Technologies. Datatech is the only independent distributor in the Houston area to sell Minuteman products, which are well known for superior performance and reliability.

Minuteman UPS products have been manufactured by Para Systems, Inc., headquartered in Carrollton, Texas, since 1982. The company's power technology products are sold in more than 100 countries throughout the world.

Minuteman's line of battery backup (UPS) products offers complete protection from all power problems. Minuteman's single-phase UPS products are available in sizes ranging single-phase from 400VA to 24kVA, and three-phase from 10kVA to 750kVA. Additional products offered include surge suppressors, remote power management (RPM) tools, power distribution units (PDU), and power management and monitoring software.

The Minuteman line further enhances the multiple, full spectrum product solutions that Datatech offers for electrical contractors, mechanical contractors and IT contractors. Visit the Minuteman website at [www.minutemanups.com](http://www.minutemanups.com).
